Letter of compliance – Radioactivity

Glencore Nikkelverk AS hereby confirms that our refined Nickel, Cobalt, and Copper products are free of contamination from any radioactive substances. All raw material are checked for radioactivity before entering the process.

Potential trace elements below any practical detection limits will be rejected in our chemical purification process and the output handled as hazardous waste in accordance with international standards.

Nikkelverk has been ISO 14001 certified since 2000. We are also ISO 50001 certified (since 2016), OHSAS 18001/ISO 45001 certified (since 2008) and ISO 9001 certified (since 1994).

Best Regards,

Harald Eik
Director HSE & Quality
Glencore Nikkelverk AS
Kristiansand, Norway
